

## Invitation to “A day in the life of PE investor” by CapMan Buyout

**Hotel Kämp, Paavo Nurmi cabinet**

**Thursday 21<sup>st</sup> March 2019 at 17:00**

Ready to start learning what private equity investors actually do?

We are pleased to invite you to CapMan Buyout’s event “*A day in the life of PE investor*”, where you will discover fascinating private equity insights throughout the various investment phases from screening of potential targets to value creation during the holding period and execution of exit.

At the event we are diving into the actual case of *Harvia*, one of the leading companies operating in the sauna and spa market globally, in which CapMan completed the journey from initial investment to an IPO on the Helsinki Stock Exchange (March 2018) in four years. Join us to learn how CapMan Buyout has supported Harvia through several milestones and developed the company towards successful strategy execution.

We will start the event at 17:00 at Hotel Kämp with soft drinks and an introduction, after which you will have a chance to test your PE skills in smaller groups while assessing different investment phase points/issues.

We will continue the evening together in relaxed atmosphere where you have an opportunity to discuss and learn more about us while enjoying a delicious salad buffet and wine.

CapMan Buyout will start during spring recruiting highly motivated and talented students to join our team as trainee.

Interested? We are happy to tell you more about the opportunity to work with one of the leading mid-cap private equity investors in the Nordics!

We are looking forward to meeting you at “*A day in the life of PE investor!*”

Best regards,

CapMan Buyout
