

# INTERNSHIP INVESTMENT BANKING

## Carnegie in brief

For almost a century, Carnegie has been a leading financial adviser and wealth manager in the Nordic region. At Carnegie you can find experts within Corporate Finance, Equity Research and Equity Sales, as well as in Private Banking. Our culture is characterized by driven and goal-oriented employees with an entrepreneurial mind-set and business focus. Working at Carnegie requires high standards in terms of dedication, drive and personal responsibility, but also provides good opportunities for personal development.

- Founded 1803 and one of the oldest trademarks in the region
- Services: Investment Banking, Private Banking and Securities
- Around 600 employees in six countries
- #1 Corporate Finance adviser in the Nordics (Prospera, 2016-2018)
- #1 Equity Capital Markets adviser in the Nordics (Prospera, 2016-2018)

# INTERNSHIP INVESTMENT BANKING

## Internship in brief

Carnegie Investment Bank works within Corporate Finance advisory services and offers on a yearly basis an internship programme with good prospects for full-time employment. The internship programme runs over multiple periods of the year at the Helsinki office. You will have the opportunity to become an integral part of the Finnish Corporate Finance team for approx. 3-5 months. The application period for internship programmes for the year 2020 is open, with the deadline for applications on **October 2<sup>nd</sup>** and selected candidates should be prepared to attend interviews in October.

Period	Dates	Location
1: Spring 2020	Starting tentatively Jan-2020	Based in Helsinki, Eteläesplanadi 22 A
2: Summer 2020	Starting tentatively May/Jun-2020	
3: Autumn 2020	Starting tentatively Sep-2020	

## Carnegie provides an excellent toolkit for career development

The internship programme provides you with valuable opportunities to network while gaining industrial experience by working with senior team members on diverse projects. You will also be expected to work independently on given tasks in order to boost your personal development. Early on in the internship, you will have the opportunity to engage in mergers and acquisitions (private and public M&A) as well as initial public offerings (IPOs) and other capital market transactions (including both ECM and DCM transactions). You will work in a fast-paced environment where curiosity, ambition and diversity are regarded as enriching qualities as well as necessities to achieve superior results.

## Candidate profile

We are looking for applicants that have, as of the start date of the internship, finished at least two years of higher education in finance, accounting, economics, industrial engineering and management, or other relevant subjects while maintaining a strong academic track record. Studies abroad and/or previous experience from the financial services industry are considered an advantage, but not a requirement. In addition, we value responsibility taking team-players with a genuine interest to learn more about Carnegie and investment banking.

## Expected work tasks

- Quantitative and qualitative analysis of companies and industries
- Company valuation and financial modelling
- Producing project and marketing materials, including investor presentations, prospectuses and other documentation
- Engaging in project coordination and meetings with clients and other advisers
